Architectural and Engineering Fee Proposal

Committee Members:

Responding to your RFP for architectural and engineering services for the New 8,000 S.F. Police Station only, I am proposing the following:

Architectural

- Foundation design
- Architectural floor plans
- Elevation Plans
- Framing and Roof Plans
- Wall types, window, door and finish schedules
- Ceiling plans
- Product or performance specifications for the above materials

Electrical Engineering

Mechanical Engineering

Construction Administration

- Review submitted shop drawings
- Provide periodic (weekly) on site visits
- Review contractor's request for payment-monthly

Provide three sets of drawings and also a full set of PDFs of the Building AE drawings

The fee for the above service is \$55,000.00 Fifty Five Thousand Dollars.

Engineering by others:

Life Safety

Site and or Civil Engineering

Geotechnical Engineering and borings

Site Utility Design

Surveying

Thank you for the opportunity to present this proposal.

Sincerely:

Richard J. Cardarelli, AIA

Architect-Construction Manager
